DISCLAIMER

Please let your therapist know, before the start of your treatment, of any allergies or medication that you be taking which could affect your skin.

TRADING HOURS

SUNDAY & PUBLIC HOLIDAYS

AVOID USING:

Sun tan oils or insect repellent on your nails, as many contain solvent oils which will cause damage to polish.

Some of the more delicate gel colours can fade in chlorinated water and excessive sun.

Chlorine is a bleach and in sun intensifies the bleaching action.

Dry your hands and nails after swimming and before sunbathing to minimize any colour fading, but you could have some fading.

Use cuticle oil and moisturize daily to replace lost moisture to your skin and nails to maintain healthy & undamaged nails.
